THIS IS UNEVALUATED INFORMATION

1. The following types and models of vehicles were operating in the Mukachevo 4826N-2242E -Uzhgorod 4838N-2219E area in June 1952:
2. Trucks: 4-ton ZIS-150, ZIS-151, and ZIS-152; light trucks (1½ ton capacity), which were mainly GAZ-91 and GAZ-93. In addition to these, there were still quite a large number of US lend-lease trucks in civilian use. They were mainly Fords which had been discarded by the Soviet Army and released to various civilian enterprises. There were also a certain number of "liberated" German trucks, mostly diesel, and some Czechoslovak trucks. In 1952 few of the new seven-ton diesel trucks of Soviet manufacture was not able to remember the make had appeared in the area. 50X1
3. Passenger cars: mainly of the following makes: Moskvich; Pobeda; ZIS-110; ZIM; and some German and Czechoslovak "liberated" cars. Pobeda sedans were the predominant make throughout the Carpathian Oblast.
